Academic Activities

- Florida Atlantic University Clinical Affiliate Assistant Professor – 10/2018 - Current
- NOVA Southeastern University Faculty Position -7/2013-9/2014
- Robert Wood Johnson Foundation Clinical Scholars Program -2011- 2013
 - Learned methods to conduct innovative research and work with communities, organizations, practitioners and policy makers on issues important to the health and well-being of all Americans.
- Training In Policy Studies by New York Institute of Technology (NYIT) and New York College of Osteopathic Medicine (NYCOM) – 2010 -2013
 - Trained in health care issues as they relate to federal and state policies and learned skills to participate in policy discussions and committee work.
- Albert Schweitzer Fellowship – 2005-2006
 - Trained in community service leadership and learned how to create positive change within a community in the United States.
 - I conducted health workshops for high-risk males in Pittsburgh, PA that educated them about the diseases and public health issues that are prevalent in their communities.
- International Federation Medical Students' Associations Atlantic region Vice President - 2005 – 2006
 - This is an independent, nongovernmental and non-political federation of medical student associations throughout the world that offered future health professionals a comprehensive introduction to global health issues. As the region VP I created programs and opportunities, to help develop culturally sensitive students of medicine and allied health intent on addressing global health inequalities.
- LECOM International Medical Society President - 2003 – 2005
 - Delegated number of tasks and responsibilities such as working closely with the director of International Affairs of the college for international electives, site evaluations, rules and regulations of student travels and immunizations. In addition, organized international dinners, language proficiency classes such as Spanish and French.
- Lake Erie College of Osteopathic Medicine HIV Task Force - 2003 – 2005
 - Visited high schools in Erie, PA and talk to the students about HIV and AIDS.
