

# The Wrap

U.ATHLETIC TRAINING

UNIVERSITY OF MIAMI  
SCHOOL of EDUCATION  
& HUMAN DEVELOPMENT

First home football  
game: Saturday  
September 3,  
6 pm vs. Fla. A&M

## First edition of "The Wrap"

UM Athletic Training Program's version of e-Veritas

Clinical hours, hospital trips, classes, game-day, studying, gatorade, and all out fun can become overwhelming sometimes. With so many people involved in our AT program at one time, its difficult to make sure everyone is on the same page. Enter "The Wrap" (name is up for debate). A weekly email that comes right to your inbox every Tuesday morning to keep you as an AT student, faculty, preceptor or fan in the loop at all times.

First Fall 2016  
Preceptor get  
together on  
Wednesday  
September 8, from  
7:30 - 8:30 pm at  
Dr. Harriell's on  
campus Apartment,  
after the Medical  
Errors CEU course;  
E-Vite to come

## Pre-Wrap

### Announcements:

-First monthly meeting:  
**Tuesday August 30th  
at 7 am in Max  
Orovitx Laboratory.**

Mandatory for students. All  
preceptors are invited and

highly encouraged to join. Our students will need staff members to provide feedback on their current resumes. As always, bagels and coffee will be provided.

- All students will begin completing proficiencies this week. Junior students should complete their Ankle Prophylactic Tape (Closed Basket Weave) Proficiency this week!

## Evaluations Going Electronic

As we continue to work towards electronic documentation for the AT Program, this fall ALL evaluations completed by both the students and preceptors will be completed electronically utilizing Qualtrics survey system. This includes Student Goals, Student Self Evaluations, Mid-Term Evaluations, Final Evaluations, and the Preceptor/Clinical Site Evaluations. An email will be generated 2 weeks prior to the due date for each of these evaluations and sent to the party responsible for completing the evaluation.

## STUDENT GOALS SHEET AND SELF-EVALUATION:

Students will be provided an electronic link to complete their Goals (in SMART format) and Self-Evaluation during the first 2 weeks of class. Senior students who are not currently on campus will complete their self-evaluation within two weeks of the beginning of their first Fall clinical rotation.

## Clinical Pearl:

“The most important factors in helping a student-athlete with psychological concern are education, early recognition of a potential problem, and effective referral to the mental health system”

Neal et al. Inter-association Recommendations for Developing a Plan to Recognize and Refer Student-Athletes With Psychological Concerns at the Secondary School Level: A Consensus Statement. *Journal of Athletic Training*. 2015;50(3):231-249

## AT Weekly Trivia:

For Senior Students:

Kienbock's disease is avascular necrosis of what bone?

For Junior Students:

As football begins we must remember to certify all helmets.  
Define the acronym NOCSAE?

For the inquisitive preceptor:

The ability of soft tissue to assume a new greater length after a stretch force is removed is known as: \_\_\_\_\_
